

CHARMING MEMORIES

Gathering inspiration from a recent visit to the English countryside, “CHARMING MEMORIES, is an effort to recreate the nostalgia of wildflower fields, river valleys embracing honey colored stone-walled villages.

A soft, sun-warmed palette of Honeyed Beige, Buttercup Gold, Meadow Sage, and English Sky Blue enhanced with delicate florals, meadow botanicals, trailing foliage, and charming countryside motifs come together in this collection that feels timeless yet effortlessly fresh. Soft, painterly details are layered with playful scattered elements and organic textures that can be widely used in fabric, home decor, kitchen accessories and paper products.
