

PLAYGROUND

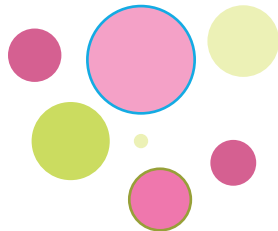

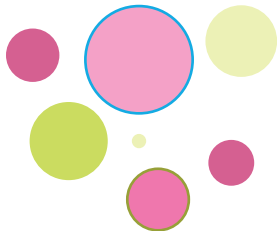

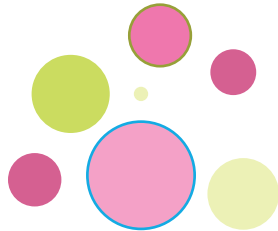

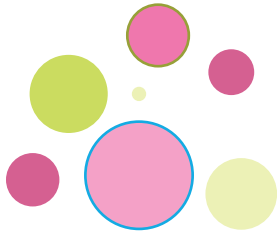

The Collection – Playground, is a small effort in reminiscing the hours spent in a park, on a playdate, a picnic or just during a school break.

The excitement of meeting other children, making new friends, playing games, sharing stories and above all.... making fun memories.

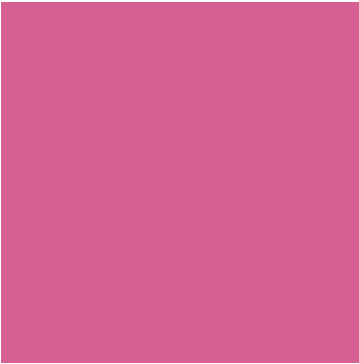

A visit to the playground excites a child's heart and mind, where they can play dress up, color, draw, make up their own games or run around blowing bubbles.

This Collection draws its inspiration from bright colors, bold details that reflect the very same feeling of excitement....while keeping it simple yet fun!!
