

*This Collection - FROSTED MEMORIES brings together the magic of traditional Christmas motifs
with a modern twist*

*At its heart are classic holiday icons like holly sprigs, twinkling ornaments, cozy winter florals, rendered in
warm inviting hues creating joyful all-over prints perfect for seasonal applications.*

*The Placement pieces of the deconstructed mistletoe used as a Christmas tree or the deer with snowflake-pat-
terned skin, adds a contemporary edge to a familiar silhouette, blending charm with wintry enchantment,
breaking the classic form into abstract shapes, offering a minimalist take on the beloved holiday symbol. Ar-
ranged against a smooth, uncluttered background, the patterns appear like treasures from a vintage Christ-
mas postcard. The overall effect is festive, refined, and timeless—a perfect blend of crisp linework, nostalgic
charm, and celestial holiday magic.*
