

This collection ‘ Serene Celebrations ‘ captures the joy of new beginnings and gentle awakening of spring.

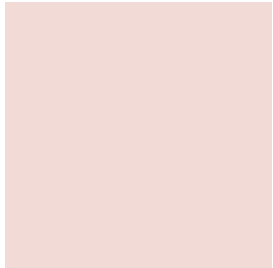

It finds a striking balance between both flowing florals, gentle botanicals and soft geometric details that represent subtle festivities amongst blooming gardens during onset of spring season. A soothing palette of petal pinks, airy pastels and warm neutrals bring a touch of renewal for either a nursery/home decor collection, fabrics for spring inspired outfits or simple keepsakes and stationary.

Serene Celebrations invites families to take the time to slow down, connect and cherish the beauty around us.
